

### AP315\_Applying and Reconciling a Cash Advance

#### **Applying and Reconciling a Cash Advance Overview**

A Cash Advance is a means for an Agency to provide funds to an employee prior to travel in order to minimize the impact of business travel on an employee's personal finances. When you enter a Cash Advance, it must be approved before it can be processed for payment.

Once travel is completed, the Cash Advance is applied to the employee's expense report. If the Cash Advance exceeds the expenses, the employee must return the difference and the Cash Advance must be manually reconciled. If the expenses exceed the Cash Advance, the difference is reimbursed to the employee and Cardinal will automatically reconcile the Cash Advance.

This Job Aid demonstrates how to apply a Cash Advance to an expense report as well as the steps to reconcile a Cash Advance.

**Navigation Note**: Please note that there may be a **Notify** button at the bottom of various pages utilized while completing the processes within this Job Aid. This "Notify" functionality is not currently turned on to send email notifications to specific users within Cardinal.

	A Cash Advance can be applied to one or more Expense Reports. For this scenario, the Cash Advance is applied to only one Expense Report.
	Since the employee's Cash Advance is more than the expenses incurred, manual reconciliation must be done. The employee will need to repay the Agency for the excess funds. See the next section in this Job Aid for the steps used to manually reconcile a Cash Advance.

The **Status** field updates to "Reconciled" and the **Due Company** field is now "0.00".

The **Payments Received** field reflects the amount of the check. This Cash Advance is now reconciled.

If the check amount was less than the **Due Company** amount, the **Status** would not change to "Reconciled" and an error message would display. In that case, click the **Save for Later** button to save the entry and apply the payment to the amount due. Reconciliation would not be complete until the amount in the **Due Company** field is "0.00".
